WISCONSIN WHITETAIL HUNT

Buffalo County, WI

Buffalo County is known as part of the driftless area, with extremely varied topography consisting of high ridges, long narrow valleys, and areas of steeply sloping land in between. Bluffs rise above the river bottoms by 500 feet in some areas. Only a small corridor along the Mississippi River was ever glaciated, where terraces have been formed from glacial melt water deposits. The lack of glaciers in Buffalo County, Wisconsin has left an abundance of minerals in the farm land. In addition to the minerals, the topography has made it challenging for hunters for consistent wind. This is why Buffalo County has been famous for those rack growing monster trophy whitetails.

What's unique about our lodge is that we take a very low number of hunters per year so that you can have a hunt of a lifetime. We average only 1-2 people for every 100 acres we lease for the entire archery year so that the land will not get over pressured. All of our Buffalo County Archery and Rifle Deer Hunts are done under the rules of fair chase, as there are no high fences. Our "All-Inclusive" Whitetail Hunts were created for the sole purpose of providing the hunter with a high quality hunting experience. All of the guides are avid hunters and know the habits and patterns of the deer and know what it takes to get you close another for that shot of a lifetime.

There is an Antler Restriction on all Whitetail hunts. 130" minimum on all 8-pt bucks and on all other bucks there is a 140" minimum. Bucks shot under the minimum are subject to a \$750 penalty.

LODGE

Buffalo County, WI

The lodge is located along the banks of the Mississippi River, right in the heart of Buffalo County. Our 3-bedroom, 9 bed lodge is rich in scenery and recreational opportunities.

Whether you enjoy shopping, boating, fishing, hunting, bird watching, hiking or biking, you're sure to find it here. It's a great place to relax and get away from the hustle and bustle of the big city.

If you are into fishing, the Mississippi River is a great place to catch all kinds of fish from walleye, bass, northern pike, pan fish and the list goes on.

The Barn Lodge was built in 2015. The barn lodge has two bedrooms with up to 8 beds to accommodate large groups. With two bathrooms/showers and Mini-kitchen, you will find the same luxuries of home, but in an outdoor paradise. Check it out for your next visit to Buffalo County Wisconsin.

TESTIMONIALS

Buffalo County, WI

Unbelievable, the only word that describes hunting at this lodge! The morning that I shot my buck was without a doubt the best hunting experience of my life. I saw SEVEN different bucks along with a number of does prior to shooting this deer at High Noon. Two of the other bucks I saw were locked into an all-out brawl 100 yards up the ridge and both of those were Bigger than the one I shot. Jarrod's guides know where the deer are and they put you on them. The lodging is exceptional, and the food is amazing. I would go every year if my wife would let me...

NICK ANGERMAN

Archery - Woodbury, MN

AWESOME!! I have been hunting and fishing for years at this lodge and I have memories of a LIFETIME. The guide's ability and personality go beyond anyone's expectations. The accommodations and hospitality make it enjoyable for each and every guest. I haven't topped my wall hanger buck yet, but with my number one guide, we are having a great time trying. I have developed a relationship with this lodge and the guides that will last a lifetime.

Fishing & hunting over 20 years - Hollandale, WI

When it comes to bagging a mature trophy buck there are a couple of very important factors you need to consider. First, you need to hunt where big bucks exist, the more the better and second those big bucks can't be pressured. The 140" minimum helps those big Buffalo County bucks become mature. This lodge also helps keep those big bucks from becoming pressured by saving their stands until the last week of October arrives... primetime! While other outfitters begin running as many hunters as possible through their stands as soon as the archery season opens in mid Sept, this lodge keeps their stands fresh for the best time of year to kill a monster buck. I first came here as a client in 2010 and was so impressed with this operation that I've returned every year since as a guide. I've hunted the bluff country of west central Wisconsin for the last 25 years and this lodge seriously has the best hunting I have ever come across.

MIKE BAHR

Fall 2010 - Jefferson, WI
