# THE HUNT

*Mexico*

---

Groups staying at the lodge will be duck hunting on the Laguna Madre where over 3 million diver and puddle ducks migrate each winter. Sights of Redheads covering the sky waiting to decoy into spreads are very common on the Madre. You will have six total hunts on your trip with a mix of ducks and quail/dove.

On any given day, you may drive out to one of the numerous freshwater ponds near the lodge, or head to the Laguna Madre and board the boat for a trip out to this saltwater expanse. Once in the blinds, you will see a mix of redhead, widgeon, and plenty of pintails. Blinds are normally bench style with solid footing OR you may be standing on a pallet blind located near one of the many island points where pass shooting is furious and fun. This area is home to some of the best quail hunting in the world with Bob White coveys littered across hedgerows. All in all, this is a true mixed bag hunt! Quail will be hunted traditional style walking hedgerows and flushing birds where most groups will get 12-15 flushes per hunt. These are 100% wild quail and once they are in the air, they are very challenging to hit! The hunt will not use bird dogs rather the bird boys will walk along to flush quail.

## HUNTING LODGE

*Mexico*

Our lodge has 14 rooms all with private bathrooms. Rooms are comfortable, clean and air-conditioned. A large dining room and full bar round out the lodge along with a game area and two lounges. The lodge has WiFi Internet service and satellite TV to keep in touch with the world. While there is a full bar stocked with quality name brand liquors, you may still have a preference that is not provided. For this, we suggest stopping at the duty-free shop near the border in Brownsville, TX to pick-up your favorite brand. You will not need specific adapters for your electronics, as the lodge is 110V wired. The food at the lodge is very good and a wide variety is prepared during your stay. We have bottled water for drinking and the ice is perfectly safe to use in drinks as all ice is filtered.

# BRINGING A FIREARM TO MEXICO

We do not recommend bringing a firearm on your hunt but if you decide on it we will assist you. If you have never brought a firearm to Mexico in the past the process is pretty simple.

You will need to get approval by mail or in person by appointment from the Mexican consulate closest to you.

# WEATHER

While the weather in San Fernando does not dip to freezing temperatures normally, it can be cool and wet at times. Generally, temperatures in Dec – Feb range from the 40's in the mornings and warm up to the 70's by afternoons. Aug – Nov highs may be in the 90's.
