HUNTING IN TAMAULIPAS

In the heart of Tamaulipas, in the northeast of Mexico you will find one of the most famous lakes in the world, Lake Guerrero. The surroundings of Lake Guerrero are the perfect habitat for millions of white winged doves and fast-flying wild quail. Dove shooting is nothing short of spectacular. Thousands of acres of corn and sorghum fields are close to the lodge. Extensive pre-hunt scouting keeps driving times to the shooting areas to a minimum. The surrounding countryside holds some of the largest concentrations of purely wild bobwhite quail in the world. One sportswriter called them, “the wildest, fastest quail he had ever seen.

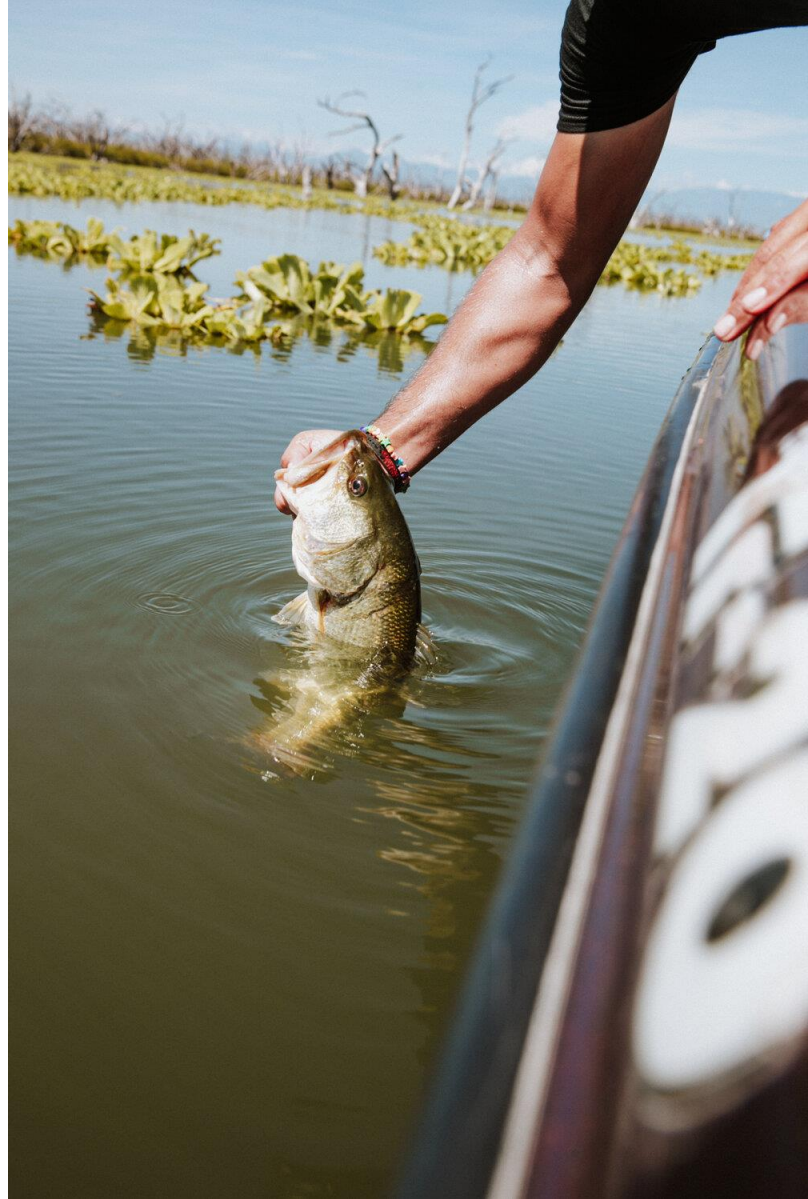

Our Hacienda conducts traditional walk-up quail hunts behind pointers on fence rows, tree and brush lines and in grain fields. Our dog handlers have extensive experience hunting quail in Mexico. We prefer to match three hunters with each handler and will not exceed four hunters per handler.

For duck hunts, we hunt right on Lake Guerrero out of custom-made blinds that can be moved at a moment’s notice to the place where the ducks are harboring. Our master Waterfowler, will make your duck hunt a memorable experience.

FISHING IN TAMAULIPAS

At the Hacienda, the lake is quite literally at your doorstep. The distance from your bedroom to fishing one of the greatest bass lakes is only a hundred yards. Trophy-bass fishing is offered year-round at the Hacienda. The legendary Lake Guerrero is known worldwide for the number of record-class largemouth bass consistently caught here. The incredible scenery and thousands of acres of flooded timber is heaven on earth for any angler. A voluntary catch and release program now observed by most fishermen has made this great lake even better. The Hacienda maintains its own fleet of boats and has expert local guides. Our boats include 18' fiberglass boats, Yamaha outboard motors and trolling motors. Also available for daily rental are rods, reels and you can purchase the "hottest baits" from our tackle shop. Come join us for an experience of a lifetime!

ACCOMMODATIONS

Tamaulipas, México

Constructed in 1984 by an American family, our Hacienda served many years as a private estate and vacation home often used for hunting and fishing. The lodge was sold and underwent a great deal of remodels to be the beautiful hospitable lodge that it is today. Although small in room count, we take much pride in making sure that every detail is tended to, all the best amenities are given, and the service is beyond impeccable. Our luxurious facilities match our attentive personalized service we offer.

Located in Tamaulipas which is the northernmost state bordering Texas, also has so much to offer. Rich in agriculture, the land thrives on the production of grapefruits, oranges, and agaves. The terrain also makes a great home for being the land of amazing meats and cheeses. With an amazing new government in place, the safety and flourishing success of Tamaulipas is on the rise making it one of the most desirable places to visit for hunting and fishing in the Americas.
